

## TESTING SWANSEA ORES

Probable Frection of a Smelter by the Company.

### LOW GRADE CONSIGNMENTS

BUT PLENTY OF GOOD ORE IN THE MINE.

Gradual Advance in Valeo - A Week's Good Business in Mining Stocks-The Market Steady, With Several Gains Noted-Upward Tendency of Bullion-Beck, South Swansea, Northern Light, Daly West, Galena, Geyser and Utah-E. O. Best Given the Privilege of the Floor-The Winnamuck Mine -- Magnificent Showing of Ore in This Bingham Property-Ore Shipments From the Camp For the Month of January-Big Body of Copper Ore Uncovered in the Highland Boy Mine.

It is an old saying that "there is more than one way to skin a cat," and this being the case it is more than likely that the difficulty that the Swansea Mining company has experienced in the sale of its ores of late is to be overcome in the future by the erection of a concentrating plant on the ground, wherewith the product of the property can be reduced so that it will be a

prime marketable article.

For some time past J. W. Neili, of the Taylor & Brunton sampling works, has been experimenting on Swansen ores for the purpose of determining the best process for its concentration.

tests, it is said, have been very satisfactory up to date, and the product is of such a character that it will be very acceptable on the market.

The process, by the use of which this solution of the present difficulty has been in a manner solved, has not been made public as yet, but it is understood that if adopted at the mine there will be no further trouble in the sale of

as a result of the experiment it was a result of the experiment it was not be long before the announcement will be made that the company he decided to erect a plant at the trist for the reduction of low grade or into high grade concentrates of a character that will be in good demand; the smelters.

been accumulating on the dur

There was a good attendance at the call of the mining exchange year-delick, and the mining cortainer, and the mining corta

The unlisted stocks were well represented, but were not active in the way of sales. Swansca was stationary a \$1.50 bid and \$1.80 asked. South Swan sea exhibited considerable strength and made advances in the bidding, but made advances in the bidding, but made advances in the bidding, but made advances in the bidding and sales. A trilling bid was made for Sunbeam, which should have beer erased from the bidding and made decided advances with sales to its credit. Dexter also exhibited more life than usual and was strong at the close. The

nothing but third grade mineral which had been accumulating on the dump for the past year or more. This ore was really too low in grade to consign to the market, but it was in the way, as the room wax wanted in which to pile up mineral of a much higher grade, and with the knowledge of the heavier stockholders it was marketed, with the result that the selling price of the stock was depressed, to the loss of some of the lesser holders, who, from current reports, had reason to believe that the mine was about to play out; when the fact it as the Heraid is informed by reliable authority, the property never looked better than it does at the present time.

The Heyaid will not say that this action on the part of the company was for the purpose of accomplishing some ulterior purpose, but the effects have been the same as if the whole thing had been "cut and dried."

GRADUAT ADVANCE IN VALEO.

A Good Week's Business in Mining Stocks.

There was a good attendance at the call of the mining exchange yesterday.

and the week closed with the general run of stocks firm and fairly active.

The winze sinking from the tunnel between the tunnel workings made the old mine famous. The winze sinking from the tunnel workings made the old mine famous.

Ray, of Filimore, to this city, is to constitute that the object of the visit of Joseph E. Ray, of Filimore, to this city, is to conform the gentlemen interested, who recently visited the mine in question, states that he never before saw such a fine hody of gold ore, and high krade at that, as the showing was far better than the deal will be closed some time this week, but It was reported yesterday that during the day 18,000 shares of the stock of the Skull Valley Mining and Milling company had changed hands.

or the numorous, he quiexly gets the attention of the community. Many people are greatly interested in his solos. Some of them he has been requested to sing repeatedly. He has urgent invitations to several points north, but will probably go from here to Boise City, Idaho. There will be bantism this evening also. Mr Led. to Boise City, Idabo. There will be baptism this evening also. Mr. Ledford also speaks at the 11 o'clock services. Two special services will be held during the week, one on Wednesday evening and the other on Friday

The firm of Bird & Lowe, land and mining attorneys, who were among the unfortunates who were burnt out in the late fire of the Scott-Auerbach Stocks bought and sold for cash or on sommission. Weekly market letter and usastions upon application. E. I. Wooley, I. Member Sait Lake Stock Expany of Denver, and it is understood that work on the mill building is the unfortunates who were burnt out in the late fire of the Scott-Auerbach awarded Thesday through Manager building, have secured fine offices in the Karrick building, two doors north out in the late fire of the Scott-Auerbach awarded Thesday through Manager of the Walker house, where they will be pleased to meet their clients and friends.

Expects to Begin Paying Dividends by April 1st.

GOOD SHOWING IN CLIFTON

THE DEVELOPMENT OF THE GREAT MIDAS MINE.

Mineral Patents Ordered-People Who Want Titles to Their Mining Properties-The Triumph Com-Nothing has been heard from the Consolidated Mining and Milling company—Will File Its Articles of Incorporation Tomorrow — The Owner of Valuable Ground Nearthe Sunbeam and Undine, Near Silver City—The Consolidated Mine Near Brigham City—An Old Miner's Opinion of This Property —Notes From the Richfield Advocate—The Silver Moon—Work Resumed In Its Development—Ore and Bullion—Silver and Lead

Unless all calculations fail the Geyer-Marion Mining company will have legal existence tomorrow, and the consolidated Geyser and Marion properties will pass under one management. Herald readers are familiar with the open up a big mine. I know the Consolidated people have two claims that have shown paying ore near the surpanels.

in living Notice, the Freeman gulch bonanza, and Manager Gibson is planning to build a road.

Manager Dan Clays of the Julia Dean shipped a small lot yesterday that made up in quality what it lacked in quantity.

An average of five or six carlouds of or are leaving the Bingham depot daily.

The Neptune made another small shipment this week.

Mining Notes and Personals.

Alfred Cribbon, of Denver, is in the city on mining business.

The Horn Silver Mining company yesterday received it cars of ore and seven Colonel Mick Treeck, the well known mining man, is on the sick list and has not been able to be out for a week or more.

A two-car lot of ore from the Caress mine, near Silver City, arrived at the samplers yesterday. The Caresa is making a fine record of late, and it is believed that it is now on the list as a steady shipper.

Manager H. A. Cohen, of the Golden Gate mine, roturned from Mercur Friday right, where he has been for the past yields a fine record of the mining exchanged fine mine, roturned from Mercur Friday right, where he has been for the past states that he is building up a good business at the Park.

It is reported that a block of Four Aces changed hands on the street yeaterday at 18½ centra. Buckeye was in demand, and sales of South Swansea were rather light.

Prof. Charles Labelle informs The Herald that next week he will bean the manufacture of indelible water-proof crayons on a large scale, and that assoon as he is fairly established in business he will turn out 19,000 gross daily of this new article. The crayons are made out of Utah minerals.

James Horgan who has tied up the control of the Gold King mine, near Manign, in Camp Floyd district, stated that seven now there is a demand for the stock of the new company at 31.50 a share, and The Herald cut of the first of the control of the Gold King mine, near Manager mine of the control of the Gold King mine, near Manager mine of the control of the Gold King mine, near

# Fat-Food

Oil is a fat-forming food because takers of it gain rapidly in weight under its use and the whole body receives vital force. When prepared as in Scott's Emulsion, it is quickly and easily changed into the tissues of the body. As your doctor would say, "It is easily as-similated." Perhaps you are suffering from fat starvation. You take fat enough with your food, but it either isn't the right kind, or it isn't digested. You need fat prepared for you, as in Scott's Emulsion.

Let us send you a book about it. Free.
